

r20.0.8 Changelog

+-----+
| r20.0.8 Release - 86261
+-----+

Release day - 9th Feb

Improvements

- DSOF-19526 - Added an option to disable remote renderstream logging as it can saturate the network

Fixes

- DSOF-19561- Fixed an access violations and crash to desktop when renderstream assets change on editor or director
- DSOF-19527 - Prevented renderstream machine consoles being sent to non-controller machines on the network
